OUR PLEDGE REGARDING YOUR HEALTH INFORMATION

Each time you visit a hospital, physician, or other healthcare provider, a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment, a plan for your future care or treatment, and billing-related information. Such records are necessary for the healthcare provider to provide you with quality care and to comply with certain legal requirements.

We are committed to protecting the confidentiality of our records containing information about you. The notice applies to all records of your care created or received by the Riley County Health Department. Other healthcare providers from whom you obtain care and treatment may have different policies or notices regarding the use and disclosure of your health information created or received by that provider. Also, health plans in which you participate may have different policies or notices concerning information they receive about you.

This notice will tell you about the ways in which we may use and disclose health information about you. We also describe your rights and certain obligations we have regarding the use and disclosure of health information.

We are required by law to maintain the privacy of your health information; give you this notice of our legal duties and privacy practices and make a good faith effort to obtain your acknowledgment of receipt of this notice; and follow the terms of notice that is currently in effect.

How We May Use and Disclose Health Information about You without Your Specific

Authorization: The following categories describe different ways that we are permitted to use and disclose health information without a specific authorization from you. If you desire to restrict our use of your health information for any of these purposes, you need to submit a request for restriction in the manner described above.

For Treatment: We may use information about you to provide you with medical treatment or services. We may disclose health information about you to provide you with medical treatment or services. We may disclose health information about you to nurses, technicians, or other personnel who are involved in taking care of you at the Riley County Health Department. Different departments of the Riley County Health Department also may share health information about you in order to coordinate the different things you need, such as prescriptions, lab work, and x-rays.

We also may disclose health information about you to people outside of the Riley County Health Department who may be involved in your medical care after you leave the Riley County Health Department, such as family members, friends, or others we use to provide services that are part of your care. We will give you an opportunity, however, to restrict such communications.

We may disclose health information about you to other health care providers who request such information for purposes of providing medical treatment to you.

For Payment: We may use and disclose health information about you so that the treatment and services you receive at the Riley County Health Department may be billed to and payment may be collected from you, an insurance company, or other third party. For example, we may need to give your health plan information about treatment you received so your health plan will pay us or reimburse you for the treatment. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

EXHIBIT A

We also may provide information about you to other health care providers to assist them in obtaining payment for treatment and services provided to you by that provider. We may also provide information to a health plan for purposes of arranging payment for treatment and services provided to you.

For Health Care Operations: We may use and disclose information about you for our internal operations. These uses and disclosures are necessary to run the Riley County Health Department and make sure that all of our patients receive quality care. For example, we may use health information to review our treatment and services and to evaluate the performance of our staff in caring for you. We may also combine health information about many patients to decide what additional services we should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, nurses, technicians, medical students, and other personnel for review and learning purposes. We may also combine the health information we have with health information from other health care providers to compare how we are doing and see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of health information so others may use it to study health care and health care delivery without learning who the specific patients are.

We may disclose health information about you to another health care provider or health plan with which you also have had a relationship for purposes of that provider's or plan's internal operations.

For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another, for the same condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of health information, trying to balance the research needs with patients' need for privacy of their health information. Before we use or disclose health information for research, the project will have been approved through this research approval process, but we may, however, disclose health information about you to people preparing to conduct a research project, for example, to help them look for patients with specific medical needs, as long as the health information they review does not leave the Riley County Health Department. We will almost always ask for your specific permission if the researcher will have access to your name, address, or other information that reveals who you are, or will be involved in your care at the Riley County Health Department.

As Required By Law: We will disclose health information about you when required to do so by federal, state, or local law.

Electronic Health Information: We participate in electronic health information technology or HIT. This technology allows a provider or a health plan to make a single request through a health information organization or HIO to obtain electronic records for a specific patient from other HIT participants for purposes of treatment, payment, or health care operations. HIOs are required to use appropriate safeguards to prevent unauthorized uses and disclosures.

You have two options with respect to HIT. First, you may permit authorized individuals to access your electronic health information through an HIO. If you choose this option, you do not have to do anything.

Second, you may restrict access to **all** of your information through an HIO (except as required by law). If you wish to restrict access, you must submit the required information either online at <http://www.KanHIT.org> or by completing and mailing a form. This form is available at <http://www.KanHIT.org>. You cannot restrict access to certain information only; your choice is to permit or restrict access to all of your information.

EXHIBIT A

If you have questions regarding HIT or HIOs, please visit <http://www.KanHIT.org> for additional information.

If you receive health care services in a state other than Kansas, different rules may apply regarding restrictions on access to your electronic health information. Please communicate directly with your out-of-state health care provider regarding those rules.

Other Uses of Health Information: Other uses and disclosures of health information not covered by this notice or the laws that apply to us will be made only with your written authorization. If you provide us authorization to use or disclose health information about you, you may revoke that authorization, in writing, at any time. If you revoke your authorization, we will no longer use or disclose health information about you for the reasons covered by your written authorization. Of course, we are unable to take back any disclosures we have already made with your permission, and that we are required to retain our records of the care that we provided to you.

We reserve the right to make the revised or changed notice effective for health information we already have about you as well as any information we receive in the future. We are required by law to make a good faith effort to provide you with our Notice and obtain such acknowledgement from you. However, your receipt of care and treatment from the Riley County Health Department is not conditioned upon your providing the written acknowledgement.
