### Parent Project Mission Statement

Our mission is to develop parent-training programs for parents raising difficult or out-of-control children. We are committed to providing highly effective programs for every parent. In our 30 plus years, we have worked with over ½ million parents raising difficult or out-of-control children. Our programs are based on their experiences and successes. No matter how difficult the situation may be, we can help.

"Little miracles." It's what we do!

### OVERVIEW:

Classes will be held over Zoom on Monday or Wednesday evenings from 6:00-9:00pm., allowing you to choose the session that works best for your schedule!

The course lasts 10 weeks and is **FREE** for all participants!

### Are you tired of being tired?

If you have ever felt like you have tried everything and are at a loss for what to do with your child's behavior, we understand. We invite you to check out The Parent Project - "Changing Destructive Adolescent Behavior." Classes will be held once per week (same night every week).

"Changing Destructive Adolescent Behavior" is an award winning intervention model addressing the most destructive of adolescent behaviors.

**Effective:** The Changing Destructive Adolescent Behaviors class addresses the critical issues parents face today and offers concrete, step-by-step, solutions, not theory.

### Critical Issues Addressed:

- Arguing and Family Conflict
- Poor School Performance Truancy and Dropouts
- Media Influences
