

Vision 2025

Comprehensive Plan Update

Riley County VISION 2025 Committee Charge:

1. Examine the relationship between private property and the furtherance of the public health, safety and general welfare;
2. Determine the appropriate balance of private property rights and the public good and develop principles that will be used to make decisions regarding future land use in Riley;
3. Using these principles, make specific recommendations to the Riley County Planning Board and the Board of County Commissioners regarding the following:
 - A) Goals and objectives for future land use in Riley County considering the recent VISION 2025 survey results and other pertinent information;
 - B) The proper mix (i.e. amount and location, etc.) of land uses in the rural areas over the next 20 years;
 - C) Zoning and subdivision regulation changes and other implementation strategies needed to accomplish the determinations made above.
